Draw a Bird

**1.** First, lightly draw a circle for the head.

Watch where you start on the page so that you have plenty of room for your bird.

**2.** Add a triangle for a beak.
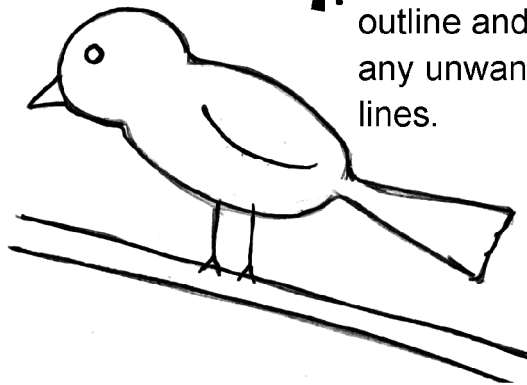

3. Add an oval for the body.

**4.** Add another, bigger triangle for the tail.

5. Add a small circle for the eye and a short curved line for the wing.

6. Add a couple of lines for a branch.

7. Now, darken the outline and erase any unwanted lines.

8. Finally, add in details. Now it's ready to color.
